

RMC Ontario Championship Supplemental Regulations BULLETIN 2026-02

Subject: Rotax Mini Max Exhaust Packing

Date: Tuesday, July 7, 2026

Rotax Mini Max Exhaust Sealing

Rotax Mini Max Competitors that have an exhaust packed and sealed from either RMC ONT Round 2 or RMC QC Round 2 may present their exhaust sealed during the exhaust packing scheduled window and only repack the Isolation Mat.

This adjustment is intended to speed up the sealing process by not needing to re measure each exhaust individually.

All exhausts that have had the seal removed will require the full inspection prior to be resealed.
